LIFEPAK CR2 ESSENTIAL USB

POA

(No Wifi)

Automatic or semi-automatic defibrillator

FREE
AED SIGNAGE & CARRY CASE

The all new LIFEPAK CR2 Essential USB Semi Automatic or Automatic AED has all the best features of the CR2 Defibrillator with no Wifi capability. Offering CPR coaching during an arrest, the CR2 Essential provides the right amount of instruction and includes clear voice technology. This significantly reduces pauses in chest compressions, and more time on the chest with CPR, improved blood circulation and better odds of survival.

- **Combined adult and child electrodes**
- **Bilingual**
